

PROVEN[®] VR9560CL

Get the Clearfield[®] advantage for top yields.

Proven VR 9560 CL - A consistent performer over a wide range of conditions and suited to all growing zones, is an excellent choice for Clearfield[®] canola acres. With strong resistance to blackleg and fusarium wilt, Proven VR 9560 CL brings in higher yields and more profits for western Canadian growers. Sign a non-GMO production contract for even more profits.

HYBRID	MATURITY (+/- DAYS VR 9559 G)	HERBICIDE SYSTEM	STANDABILITY RATING (ON SCALE OF 1 TO 5,5=FLAT)	STANDABILITY CLASS	HEIGHT (CM)	BLACKLEG	FUSARIUM WILT
VR 9560 CL	+1.4	CL	2.2	Excellent	112	R	R

Yield results based on a base yield of 40 bu/ac, and 2013 Proven Performance Checks. A generic canola price of \$485 per tonne (\$11 per bu) plus posted Viterro premiums for VR 9560 CL and Clearfield Nexera Hybrids in the May delivery period.
